

FREEDOM OF INFORMATION PUBLICATION SCHEME

Introduction

The Freedom of Information Act 2000 (FOIA) requires that public authorities, including academies and maintained schools, should be clear and proactive about the information they will make publicly available through the production of a publication scheme.

Freedom of information publication scheme

Malden Oaks has adopted the model publication scheme prepared and approved by the Information Commissioner. This is reproduced in Appendix I of this document and can be viewed in its original form at http://ico.org.uk/for_organisations/freedom_of_information/guide/~media/documents/library/Freedom_of_Information/Detailed_specialist_guides/model-publication-scheme.pdf

Classes of information published

The publication scheme specifies 7 categorisations or 'classes' of information:

1. Who we are and what we do
2. What we spend and how we spend it
3. What our priorities are and how we are doing
4. How we make decisions
5. Our policies and procedures
6. Lists and registers
7. The services we offer

Information guide

Appendix II contains a guide to information that Malden Oaks makes available under these 7 classes, how this information can be obtained, and whether any charges will apply.

How to request information

If a paper copy of any of the documents within the scheme is required, the enquirer should contact the school by letter, email, or fax, stating their name and correspondence address, and describing the information required. Contact details are as follows:

Postal address: Malden Oaks, Dukes Centre, Dukes Avenue, Kingston KT2 5QY

Email: mos@pru.rbksch.org

To assist in processing requests quickly, correspondence should be addressed to the School Business Manager and marked "Publication Scheme Request". Requests will be dealt with within 20 days (excluding school holidays). Some information may only be available for inspection; in this case an appointment must be made in advance.

Charging for information requests

Information which is published and accessed on the school's website will be provided free of charge. Charges may be made if we have to do a significant amount of photocopying or printing. We also reserve the right to charge postal costs. Photocopying is charged at 2p per copy (monochrome) and 14p per copy (colour). Postage is charged at Royal Mail 2nd class rates. If we do need to make a charge we will notify the enquirer before proceeding with their request.

Information which cannot be made public

Some information, including personal data, will not be made available under this publication scheme. This includes information which is protected from disclosure by law, information in draft form and information that is no longer readily available, for example where it is contained in files which have been placed in archive storage.

Monitoring and review

The publication scheme covers information already published and information that is to be published in the future. Periodic reviews of our publishable material will be conducted, at least every 2 years, to ensure that the information guide in Appendix II remains up to date. The model publication scheme will be updated if any changes are made by the ICO.

Model Publication Scheme (ICO)

Freedom of Information Act

This publication scheme commits an authority to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the authority. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

The scheme commits an authority:

- To proactively publish or otherwise make available as a matter of routine, information, including environmental information, which is held by the authority and falls within the classifications below.
- To specify the information which is held by the authority and falls within the classifications below.
- To proactively publish or otherwise make available as a matter of routine, information in line with the statements contained within this scheme.
- To produce and publish the methods by which the specific information is made routinely available so that it can be easily identified and accessed by members of the public.
- To review and update on a regular basis the information the authority makes available under this scheme.
- To produce a schedule of any fees charged for access to information which is made proactively available.
- To make this publication scheme available to the public.
- To publish any dataset held by the authority that has been requested, and any updated versions it holds, unless the authority is satisfied that it is not appropriate to do so; to publish the dataset, where reasonably practicable, in an electronic form that is capable of re-use; and, if any information in the dataset is a relevant copyright work and the public authority is the only owner, to make the information available for re-use under a specified licence. The term 'dataset' is defined in section 11(5) of the Freedom of Information Act. The terms 'relevant copyright work' and 'specified licence' are defined in section 19(8) of that Act.

Classes of information

- **Who we are and what we do:** Organisational information, locations and contacts, constitutional and legal governance.
- **What we spend and how we spend it:** Financial information relating to projected and actual income and expenditure, tendering, procurement and contracts.

The method by which information published under this scheme will be made available

The authority will indicate clearly to the public what information is covered by this scheme and how it can be obtained.

Where it is within the capability of a public authority, information will be provided on a website. Where it is impracticable to make information available on a website or when an individual does not wish to access the information by the website, a public authority will indicate how information can be obtained by other means and provide it by those means.

In exceptional circumstances some information may be available only by viewing in person. Where this manner is specified, contact details will be provided. An appointment to view the information will be arranged within a reasonable timescale.

Information will be provided in the language in which it is held or in such other language that is legally required. Where an authority is legally required to translate any information, it will do so.

Obligations under disability and discrimination legislation and any other legislation to provide information in other forms and formats will be adhered to when providing information in accordance with this scheme.

Charges which may be made for information published under this scheme

The purpose of this scheme is to make the maximum amount of information readily available at minimum inconvenience and cost to the public. Charges made by the authority for routinely published material will be justified and transparent and kept to a minimum.

Material which is published and accessed on a website will be provided free of charge.

Charges may be made for information subject to a charging regime specified by Parliament.

Charges may be made for actual disbursements incurred such as:

- photocopying
- postage and packaging
- the costs directly incurred as a result of viewing information

Charges may also be made for information provided under this scheme where they are legally authorised, they are in all the circumstances, including the general principles of the right of access to information held by public authorities, justified and are in accordance with a published schedule or schedules of fees which is readily available to the public.

Charges may also be made for making datasets (or parts of datasets) that are relevant copyright works available for re-use. These charges will be in accordance with either regulations made under section 11B of the Freedom of Information Act or other enactments.

If a charge is to be made, confirmation of the payment due will be given before the information is provided. Payment may be requested prior to provision of the information.
